CHICAGO, May 10.—Good weather all through the spring crop and hard winter territory had a tendency today to ease off the price of wheat. The opening was ¼a % lower to a shade up. July started at 1.14% to 1.14%, varying from ¼a¼ off to a sixteenth advance, declined to 1.14% a 1.14%, ran up to 1.14% al.14%, and again fell back to 1.14% al.14%.

Prospects of planting being further delayed gave some strength to corn. July Prospects of planting being further de-layed gave some strength to corn. July opened % lower to a shade up, at 78% 611/2 a78% to 78%, touched 78% a78% and then Good buying to a leading house lifted the oats market at first. Prices receded, though, on profit-taking. July started 1/4 down to a like advance, at 541/2 to 541/4.

> Assertions that North Dakota acreage would fall 30 to 40 per cent under last year, brought a temporary upturn, but realizing sales carried the market lower than before. Closing prices were weak with July ic net lower at 1.131/a1.13%.
>
> Prices hardened for a time when wheat became firm. The close was steady at 178% for July, a ent loss of 1/a%.

the reservoir is out of commission the

Accumulations of Years.

For years this sediment has been collecting in the reservoir until it has made bottom to start with, it is not planned to remove any of the sediment.

The building of the dam from the middle section to the north end of the reservoir is for the purpose of diverting water received from the river into one portion of the basin. This section will be given a cement flooring and will be provided with a 48-inch pipe leading to the river.

The arrangement, it is anticipated, will result in the bulk of the sediment brought into the basin being deposited in the section referred to and carried back to the river through the 48-inch Dunnington agt. National Union; mo-
